

# Remote consultations with psychologists

## How does this service work?

**Eutelmed** is a platform offering consultations with psychologists and psychiatrists in your own language, provided to you by MSH, on behalf of Previnter.

Benefit from advice or one-off or longer-term support for issues related to your children, your relationship, work or difficulties adapting to your new life as an expat.

### Talk to a doctor

### Multilingual, specialist and secure service

- 1 Log in
- 2 Choose your practitioner
- 3 Access a video consultation

Service available in more than 30 languages

Qualified and experienced practitioners

Confidentiality of discussions via a secure platform

When signing up for Eutelmed, **enter the code PRVB5T** in the “company code” section. The initial five consultations are covered without the need to request prior approval, according to the benefits in your health insurance plan. To continue treatment further, your practitioner will have to send a request for prior approval.

Available from your MSH  
International Member's Area or  
directly via the website
